

CENTER CUTS RIBBON ON NEW EMPATH UNIT

The McNabb Center is proud to announce the official opening of the EmPATH unit, a first-of-its-kind resource in Tennessee for individuals facing a behavioral health crisis. The Emergency Psychiatric Assessment, Treatment and Healing (EmPATH) unit is designed to offer rapid, accessible services in a calm, supportive environment. Open 24/7, the unit welcomes adults 18 and older who are experiencing a behavioral health crisis. EmPATH provides evaluation, medication and therapeutic support.

“ This is a transformative moment for our community, this unit is the result of a remarkable collaboration between our local hospitals, the City of Knoxville, Knox County, the Tennessee Department of Mental Health and Substance Abuse Services and the McNabb Center. ”

—Mona Blanton-Kitts, McNabb Center President & CEO

WELL MIND, WELL BEING.

EMPATH CONTINUED

“The EmPATH unit represents our shared commitment to providing compassionate, immediate care for those in need. The EmPATH unit is more than just 16 beds; it’s a transformative approach to mental health care. This is a calming environment, designed to stabilize individuals in crisis within 23 hours. At full capacity, we anticipate serving 6,000 people annually,” says Blanton-Kitts.

The comprehensive program includes a walk-in triage/reception center and a dedicated, multidisciplinary team of psychiatrists, nurse practitioners, master’s level clinicians, nurses, mental health technicians and peer specialists.

“We know that this investment is going to make a difference for the people that are here,” said Marie Williams, the Tennessee Commissioner of Mental Health and Substance Abuse Services. “We also know that it’s going to make a difference for their families and their loved ones. And we know that this is going to be a model that we will replicate across this state, because when McNabb is running it, it’s done right.”

EmPATH’s creation is a response to a critical community need. Three and a half years ago, area hospitals, Knoxville and Knox County mayors, the commissioner and McNabb Center representatives met with the governor to advocate for a solution to the growing demand for mental health services. “While we have crisis stabilization units, mobile crisis units and other initiatives, more needs to be done,” Blanton-Kitts explained. “This unit is another step in our ongoing commitment to provide comprehensive mental health care.”

“Research shows that 75% or more of psychiatric crises can be stabilized within 24 hours,” Blanton-Kitts stated. “Here, services begin immediately upon arrival. We provide medical care, including medication, and wrap-around services that follow patients into the community, ensuring they find stable housing and support.” The EmPATH Unit opened in early June and is available for walk-ins 24/7, 365 days a year.

TENNESSEE VALLEY AUTHORITY DAY OF SERVICE

A heartfelt thank you to the Tennessee Valley Authority (TVA) for their incredible day of service at the McNabb Center's peer support center, located off Airport Road in Chattanooga. The TVA team planted flowers, created a new gardening space and gave the building a refreshing makeover.

The McNabb Center is immensely grateful for your partnership and dedication to our community, Your efforts have made a significant impact, and we deeply appreciate your commitment to enhancing our center and supporting those we serve.

45TH CIT CLASS GRADUATES

The Center is proud to announce that nearly 30 law enforcement officers, first responders and medical staff graduated from Crisis Intervention Team (CIT) training on Friday, April 19, 2024. This specialized, 40-hour program is designed to equip law enforcement officers with the skills needed to improve outcomes when encountering individuals living with behavioral health challenges.

Since its inception over 30 years ago, the CIT model has spread nationwide and even globally, demonstrating its effectiveness and importance in community safety and support.

This graduating class included dedicated professionals from the Knoxville Fire Department, Alcoa Police Department, American Medical Response, Blount Memorial Hospital Security, Knoxville Police Department, Knox County Schools Security, Knox County Sheriff's Office, Maryville Police Department, Tennessee Department of Safety and Homeland Security, University of Tennessee Police Department, UT Medical Center and UT Medical Center Security.

Congratulations to all the graduates. Thank you for your service which makes the community a safer, more supportive place for everyone.

SHEA HIGHTOWER NAMED FIELD INSTRUCTOR OF THE YEAR

The McNabb Center congratulates Shea Hightower on receiving the University of Tennessee's College of Social Work MSSW Field Instructor of the Year award. This well-deserved honor recognizes Hightower's exceptional mentorship and guidance in preparing future social workers for their careers.

Field placements are a vital component of social work education, providing students with hands-on experience under the supervision of seasoned professionals. Students gain practical skills and knowledge in diverse settings such as schools, hospitals, mental health organizations and more. These placements are crucial for integrating theory and practice, developing competent practitioners and meeting accreditation requirements.

The Center is honored to continue our partnership with the University of Tennessee and to play a role in shaping the future of social work. This collaboration allows us to offer valuable learning experiences to aspiring social workers while benefiting from their fresh perspectives and enthusiasm.

RACHEL LOVEDAY CHOSEN FOR HOPE AMBASSADOR PROGRAM

In March, Rachel Loveday, Centerpointe clinical services coordinator, was honored as a Hope Ambassador at the Rx and Illicit Drug Summit. The Hope Ambassadors program highlights stories of recovery and celebrates individuals with personal experiences of overcoming addiction and those who have significantly impacted the recovery journeys of others.

Rachel's dedication and compassionate work at Centerpointe have made a profound difference in many lives, and this recognition is a testament to her commitment for supporting those on their path to recovery.

"I had lost hope in myself in my active substance use and had resigned to living a life of misery. There were multiple people in my life that had hope for me and believed me, and I believe now that is what carried me through to where I am today. I lost everything in my active substance use including a home, marriage, vehicles, dignity and self-respect and my career as a social worker. Once I began treatment and joined a 12-step program, I found out that there was hope for me and I worked one day at a time to begin my journey in recovery. I want other people to know that they can come back from anything; they can turn their life around and accomplish things they never thought possible. I want to give that hope that was so freely given to me," says Loveday.

\$20 MILLION GRANTED FOR OPIOID ABATEMENT

The McNabb Center has been awarded a total of over \$20 million to be used over the next three years from the Tennessee Opioid Abatement Fund. This significant award will fuel important initiatives in our community, including:

New Blount County Transition Center:

Offering support for individuals navigating the challenges after release from incarceration. Includes 32 units of recovery housing.

Jail to Work Re-entry Program:

Helping those affected by the opioid crisis reintegrate into the workforce and break the cycle of addiction. This program is available in Hamblen, Blount and Claiborne counties. Additionally, funding allows for a partnership with the Jefferson County Jail to provide medication assisted treatment (MAT) services.

Opioid Use Disorder Comprehensive Recovery Continuum:

Expanding access to life-saving treatment and support services. Serving 16 counties in the East Tennessee region.

Judicial District 10 Collaborative:

Provides MAT treatment and recovery support services to individuals being released from jail in Bradley, McMinn, Monroe and Polk counties.

This funding was made possible through the Tennessee Opioid Abatement Council's first-ever community grants. These grants are a result of Attorney General Jonathan Skrmetti's tenacious efforts to hold companies accountable for their role in the opioid crisis. The McNabb Center is ready to put this funding to work; strengthening our community and saving lives.

CENTER PARTICIPATES IN LOCAL EVENTS TO BRING AWARENESS

Sexual Assault Center of East Tennessee staff attended University of Tennessee, Knoxville's Vol Walk for SAAM, Sexual Assault Awareness Month

Staff participated in the Dogwood Arts Chalk Walk to bring awareness to Child Abuse Prevention and Sexual Assault Awareness

EDUCATION AND SUPPORT FOR THE NEXT GENERATION OF SOCIAL WORKERS

The McNabb Center was honored to speak about the Science of Compassion for the University of Tennessee College of Social Work's eVOLve conference.

Mary Katsikas, clinical vice president, and Michael Waltke, vice president of organizational excellence and strategic initiatives, introduced the science of compassion and the positive impact it can have on service delivery. There is now revolutionary scientific evidence that caring makes a difference and compassion impacts human connection in treatment in a fundamental way. The science of compassion, or "Compassionomics," provides the evidence that one simple tool, compassion, can positively impact patient outcomes, the financial health of organizations and the well-being of clinicians.

Mary Katsikas & Michael Waltke, photo courtesy of the University of Tennessee, College of Social Work

MENTAL HEALTH AWARENESS MONTH

May is Mental Health Awareness Month — a time dedicated to raising awareness and understanding of mental health issues. Since its inception in 1949, Mental Health Awareness Month has played a crucial role in addressing the challenges faced by millions of Americans living with mental health conditions.

The McNabb Center is proud to join the nationwide effort in promoting Mental Health Awareness Month. Throughout May, the Center hosted a variety of events and initiatives aimed at educating the community, reducing stigma and providing support for individuals and families affected by mental health issues. Thank you to our elected officials for showing their support for mental health awareness.

SPIRIT AWARD DINNER RAISES RECORD AMOUNT FOR ELEVATE HIGH SCHOOL

The Helen Ross McNabb Foundation is delighted to announce Randy and Jenny Boyd as the 2024 Spirit Award recipients. Established in 2004, the Spirit Award Dinner honors individuals who have made significant contributions to the McNabb Center and the Helen Ross McNabb Foundation, demonstrating a steadfast dedication to community improvement.

This year's dinner was a tremendous success, raising a record-breaking total of over \$530,000 for the Elevate Recovery High School expansion. We extend our deepest gratitude to everyone who contributed to this milestone achievement.

Randy Boyd first engaged with the McNabb Center in 2014 as the United Way of Greater Knoxville Campaign Chair, supporting a campaign for veterans' housing in North Knoxville. Since then, Randy and Jenny have been dedicated supporters of many McNabb Center initiatives including the ChildNet East Tennessee Fund, the domestic violence transitional housing campaign, Sexual Assault Center of East Tennessee, the Centerpointe facility expansion campaign and various fundraising events such as the Beth Haynes 12 Days of Christmas Auction, Russell Biven Clayfest and the Spirit Award Dinner.

The Boyd's have been involved with Elevate Recovery High School since its creation when the Boyd Foundation contributed to the initial operation costs of the program. Furthermore, Lindsey Boyd, Randy and Jenny's daughter-in-law, serves on the Helen Ross McNabb Foundation's Board of Directors, deepening the family's involvement.

Congratulations to Randy and Jenny Boyd for your extraordinary support and dedication to improving lives in our community.

SECOND ANNUAL CENTER GOLF TOURNAMENT RAISES MORE THAN \$35,000

The second annual McNabb Center Golf Tournament, held at Council Fire Golf Course in Chattanooga, was a resounding success! Sponsored by BlueCross BlueShield of Tennessee, the event raised over \$35,000 to support the McNabb Center's mental health, substance use and social services programs.

With a shotgun start at 1 PM, 20 teams took to the course under exceptional weather conditions, enjoying clear skies and perfect greens. The atmosphere was filled with camaraderie as participants played, connected and contributed to a worthy cause.

In an exciting finish, the SmartBank team claimed the top spot on the leaderboard.

The McNabb Center extends its deepest gratitude to all the players, sponsors, volunteers and supporters who made this year's tournament such a memorable and impactful event. Their contributions will go a long way in helping the McNabb Center continue its mission of providing essential services to those in need throughout East Tennessee.

Teams lined up for 1 p.m. shotgun start

Players from SmartBank

IN MEMORY OF MITCH TAYLOR

The McNabb Center community mourns the loss of Arthur Mitchell Taylor, affectionately known as Mitch, a dedicated volunteer who touched countless lives through his compassionate leadership of group counseling sessions for individuals battling substance use.

Mitch's unwavering empathy and genuine understanding made him an invaluable asset to the McNabb Center. He possessed a unique ability to connect with individuals facing difficult challenges, providing guidance, support and a safe space for healing. His contributions to the recovery journey of so many are immeasurable.

“ Mitch was liked and loved by every client and staff member every time he walked in the door. He had an energy, enthusiasm and a willingness to help anyone he could. ”

—Charles Jones, Centerpointe Residential Services Coordinator

Mitch's dedication to the McNabb Center's mission extended beyond his volunteer work. He was a passionate advocate for mental health and substance use awareness, always willing to lend a helping hand and share his wisdom. His kindness, generosity and unwavering spirit will be deeply missed by all who had the privilege of knowing him.

The McNabb Center extends its heartfelt condolences to Mitch's family and loved ones during this difficult time. We are eternally grateful for his selfless service and the positive impact he made on our community. Mitch's legacy will continue to inspire us as we strive to provide compassionate care and support to those in need.

CHRISTMAS IN JULY FAST APPROACHING

This summer, embrace the spirit of giving early by participating in the McNabb Center's Christmas in July Toy Drive! Your generosity will help brighten the holidays for children and families in need through the Dear Santa program.

For over two decades, the Dear Santa program has provided gifts to children of all ages during the holiday season. Many of these children come from families with limited resources, and their wish lists often include essential items like clothing, winter coats and shoes along with a special Christmas wish.

How You Can Help:

- **Shop Online:** Browse our Amazon wish lists, conveniently organized by age group, and have gifts shipped directly to the McNabb Center.
- **Drop Off Donations:** Visit our website to find a community donation box for new, unwrapped toys and clothing.

Your kindness will ensure that every child experiences the joy of the holiday season. Let's come together to make this Christmas unforgettable for those who need it most!

Scan the QR to visit our website and see the amazon wish lists

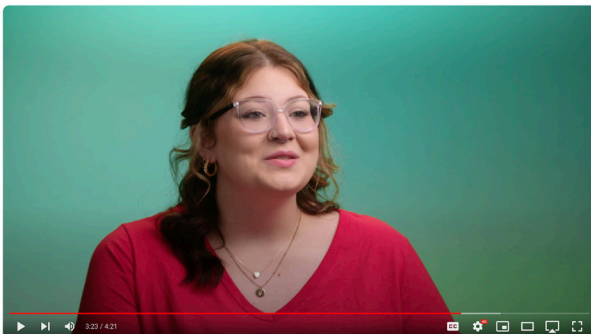

STAFF CAMPAIGN RAISES FUNDS FOR ELEVATE PROGRAM

Each year, the Helen Ross McNabb Foundation reaches out to Center employees to support services that help fill the gaps in our community. For more than 10 years, staff have shown their support through the Annual Staff Campaign, and each year they go above and beyond to ensure the success of these programs. This year, the Foundation provided one central focus for donations:

Elevate Recovery High School Campaign

The McNabb Center has responded to the need for adolescent substance use disorder recovery services by creating the Elevate Recovery High School. Elevate is a community partnership between the McNabb Center and Knox County Schools as well as other community organizations to provide a unique program where high school students receive their individual and group intensive outpatient services and academic programming on a flexed schedule, and learn and work on their sobriety in a stigma-free safe environment.

Funds raised for Elevate will be restricted to construction of the school building, which will be a standalone, 7,000-square-foot high school consisting of three traditional classrooms, an outdoor classroom, a virtual classroom, cafeteria, group and individual treatment rooms and office spaces. The Foundation is excited to announce that staff raised more than **\$118,000** this year!

Scan the QR to watch a brief video about Elevate Recovery High School which was featured at the Spirit Award Dinner.

Helen Ross McNabb FOUNDATION

Supporting the McNabb Center since 1972

Through the Helen Ross McNabb Foundation's giving options, you have the opportunity to leave a legacy starting today. There are many ways you can create a brighter future for children, adults and families in East Tennessee by remembering the McNabb Center in your financial planning or giving through special events, programs and campaigns. For more information, please call the Foundation at (865) 541-6684.
